

## madVR Envy on Display at the Paris Audio Video Show 2021

The [madVR Envy](#) was on display at the Paris Audio Video Show 2021, on October 23rd and 24th, with an exclusive day on the 25th for the press and dealers. On display was the [Envy Extreme](#), along with other high-end A/V products including the [Sony flagship GTZ380](#) and VW890ES projectors, [Xtrem Screen Daylight 1.5](#) and [Perfect White 1.7 screens](#), [Trinnov Altitude16](#), a [Waterfall Audio Pro Custom](#) Atmos setup, and more.

Showcased on the award winning "Best in Class" Envy was its patent-pending [HDR dynamic tone mapping](#), instant aspect ratio and black bar detection, and many other features, including the first public demonstration of its non-linear stretch (NLS+) system.

The event was packed to the brim as attendees sampled the latest and greatest innovations from many vendors at the show. A special "Thank You!" to everyone that helped make this terrific event possible! Please enjoy these pictures.

**"Very good presentation of the madVR. Certainly, a next purchase."
